## Summary

Motivated and enthusiastic with a strong desire to contribute to innovative projects and grow professionally. Dedicated to continuous learning, problem-solving, and making meaningful contributions. Eager to apply knowledge and adapt to challenges in a dynamic environment while building a rewarding and impactful career.

## Experience

Code Alpha, Internship	Virtual
Python Programmer	2025
<ul style="list-style-type: none"><li>Developed Python projects using shutil for file management and json for data serialization and processing.</li><li>Enhanced problem-solving skills and improved accuracy by 80%.</li><li>Completed 5 basics projects during the internship that can increase my confidence in Python domain.</li></ul>	
ICT Academy, Internship	Panipat, Haryana
Cyber Security	11/2024 - 12/2024
<ul style="list-style-type: none"><li>I gained comprehensive knowledge in network security and system protection.</li><li>Boosted network security compliance by 25% by implementing advanced protocols.</li><li>Increased application security by implementing advanced network protocols, reducing breach attempts by 25%.</li></ul>	

## Projects

Hotel Booking Management System	Tech Stacks : Django, Python, Html, CSS, MySQL
<a href="#">Link</a> <ul style="list-style-type: none"><li>A web-based Hotel Booking Management System built with Django. This project allows users to book rooms, manage reservations, and enables admins to manage hotel services and customers efficiently.</li><li>Integrated dynamic dashboards, media handling, and responsive UI to enhance user experience and operational efficiency.</li></ul>	
Expense Tracker	Tech Stacks : Django, Python, MySQL, Html, CSS
<a href="#">Link</a> <ul style="list-style-type: none"><li>A GUI based web application that allows users to add their expenses like profit, cost spends by user.</li><li>Provide a registration, login, logout pages for authentication achieved faster response and use mysql for secure database management.</li><li>Store all the information like description, expenses and amounts handle database using Xamp server.</li></ul>	
Cricket Craze Web Application	Tech Stacks : Django, Python, SQLite3, Html, CSS
<a href="#">Link</a> <ul style="list-style-type: none"><li>Developed a dynamic Cricket Craze web app using Django, featuring live match details, scorecards, and team stats.</li><li>Integrated external APIs to display real-time cricket data with a responsive, user-friendly interface.</li><li>Use built in Sqlite3 database server that increase security almost 90%.</li></ul>	

## Technical Skills

Programming Skills: Python · SQL · MySQL · HTML · CSS · C++

Relevant skills: Django · ORM · RDBMS · Git & Git-Hub · MongoDB learning · Pandas

Tools and Technologies: VS-Code · Jupyter Notebook · AWS · Snowflake · Netlify · Vercel · Postgresql · Google Colab

## Education

Bachelor of Computer and Applications	Haryana, Panipat
Kurukshetra University	2022 - 2025
• CGPA : 7.2	
Intermediate	Haryana, Panipat
Arya Senior Secondary School, Panipat	2021 - 2022
• Percentage : 68%	

## Certifications

Code War (C++) - 1st Position	Python Programming - Geeks for geeks	National service scheme
Writing competition - 2nd Position
